

K-LOVE's music and current format of being able to pray to GOD anytime they want is extremely encouraging to me and my family.

Requiring Community Advisory Boards would go directly against the purpose of having a listener supported radio station and add tremendous operating cost. If I agree with what I hear then I financially support the mission, if I don't then I simply change the channel. Plus the appointed individuals may not be friendly to the Christian mission of the station, thus changing what I LOVE and SUPPORT about K-LOVE radio.

Several of the proposals would Require Additional Staffing adding tens of thousands of dollars in additional monthly expense to each affected station (even including some of our smaller facilities which ultimately might force us to leave the air in some areas).

Force Many of Our Translator Stations Off The Air This rule would give priority to many new Low Power FM stations (LPFM) rather than existing translator stations. This means many of our translators would no longer be able to carry K-LOVE programming.

The idea of having a listener supported radio station is that

**“I, THE LISTNER DECIDE WHAT IS ON THE AIR !!! ”**

I do this with my financial contributions and by voicing my opinion/suggestions to the station directly.

I pray that GOD will lead your hearts to do the right thing for K-LOVE and other listener supported radio stations. I also hope that you understand that the proposed changes would negatively affect what so many of us already and currently enjoy about listener supported radio.

GOD Bless,

Matthew Habeger
